## Custer County Building Permit Cost

P&Z Administrator @ \$15.50/hr. + 30% burden @ 2080 hr annually = \$41,912

Building inspector @ \$25/hr - 50 units annually - 3 inspections per unit - 2 hr/inspection = \$7,500

BI travel shared with other county (Butte) 176 miles round trip - 50 units to inspect, 3 inspections per unit @ \$0.58/mile = \$15,312

Annual P&Z/Inspector budget + \$64,724 (adjusted)

Building Valuation Data (BVD) Residential, one and two family = \$155.84

Building Valuation Data (BVD) Utility = \$84.66

Building Valuation Data (BVD) Business = \$200.26

There would be other BVD such as industrials ext....

Residential dwellings sq. ft. annual avg. 1800 x 25 units = 45,000 sq. ft. @ \$155.84 (BVD) sq. ft. cost = \$7,012,800 construction value

Other structures sq. ft. annual avg. 1200 x 44 units = 52,800 sq. ft. @ Utility cost (BVD) 84.66/sq. ft. cost = 4,470,048 construction value

Over all County construction Value = 11,482,848 (adjusted to 3 yr. average of 11,127,319) this number would need dialed in more.

It would take keeping track the sq. ft. of structures permitted, would be easy to do.

P&Z budget divided by annual construction value

$64,724 / 11,127,319 = 0.0058$  permit fee multiplier new adjusted number

This permit fee multiplier of 0.0058 meets 100% cost coverage of P&Z Administrator/building inspector

The permit fee multiplier can be modified to meet any need we think works.
